ROV Use Inside Town Limits

The Town of Red River is excited to provide the opportunity for you and your family to enjoy the freedom of using Recreational Off-Highway Vehicles (ROVs) inside the town limits. However, this must be seen as a partnership between you and the town. Understandably there are restrictions on where, how and when you can take advantage of this opportunity. Please know and understand the following restrictions and guidelines so that you may enjoy hours of ROV fun. Note that some of the town's rules are more restrictive than what will be allowed once you're on a trail. Understand that because of the many safety, aesthetic and practical issues associated with the town affording you this opportunity there will be strict enforcement of the rules. **Violation of these rules can carry a fine up to \$200.00 per violation.** Thank you in advance for your consideration of others and for your willingness to work with us in this endeavor.

A certified peace officer may stop an ROV at any time for a random inspection of required items and ordinance compliance without the necessity of a violation being seen.
