## Ibex Draw Licenses

The deadline to apply for ibex draw licenses is March 19, 2025. Up to two hunters may apply per application.

Any valid Ibex Draw License can be used for the year-round IBX-1-528 hunt. Successful applicants will be mailed an ibex draw license/tag unless the E-Tag option is chosen. The license includes a hunt code and description of the unit, sporting-arm type, season dates and bag limit. Tags include instructions for proper tagging. Licenses for the IBX-1-101 any legal sporting arm hunt are once-in-a-lifetime. A hunter may apply for this once-in-a-lifetime ibex draw license if she/he has not previously held an ibex once-in-a-lifetime license. Licenses for IBX-1-103 are once-in-a-youth. A youth hunter may apply for this once-in-a-youth draw license if she/he has not previously held a ibex youth license.

## Cougar Hunting in Unit 25, Florida Mountains Hunt Area

Cougar hunting is closed in the Florida Mountains hunt area during any ibex season, except by licensed ibex hunters who also possess a cougar license. Cougar hunters are restricted to the sporting-arm type and season dates specified on their ibex license.

## Bag Limit(see glossary, pages 155)

**F-IM:** Any female ibex, or a male ibex with horns less than 20 inches long.

**ES** Either sex (any one ibex).

## Over-the-Counter License

The purpose of this hunt is to prevent ibex populations from establishing outside of the Florida Mountains. If the physical tag is chosen and an ibex is killed, the hunter must visit the NMDGF Las Cruces office to receive an additional carcass tag prior to hunting another ibex. If the E-Tag option is chosen, the hunter may kill up to 3 ibex with the NM E-Tag app. **Do not hunt without a valid carcass tag.**

If planning to hunt within 14 days of online or telephone purchase, hunters may be required to obtain a tag at a license vendor or NMDGF office. Please note: ibex draw applicants may not purchase the OTC license before the draw results are released.
