Notes:

- Outfitter shall mean any person who advertises or holds themselves out to the public for hire or is employed or accepts compensation for providing, within the unit where a hunt occurs, facilities, equipment or services for hunting activities; provided, however, that "outfitter" does not include a person who only cooks, cuts wood or performs other comparable or incidental duties not directly related to hunting activities. Any person who purchases landowner permits or private land licenses for a hunter-client or pays for access to a landowner's deeded property for a hunter-client in any way, shall be considered an outfitter.

- Guide shall mean any person contracted, employed or accepting compensation for providing, within the unit where a hunt occurs, equipment or services for hunting activities; provided, however, that "guide" does not include a person who only cooks, cuts wood or performs other comparable or incidental duties not directly related to hunting activities. Guides are not outfitters, and it is illegal to book a hunt with a guide.

- Hunter-clients are encouraged to contact the Departments G/O Program to check the status of an outfitter prior to engaging in business with them.

If any person claiming to be a registered outfitter is not on this list, do not do business with them until you check with the Department.
