

EPLUS SECONDARY ZONE Initial Application and Agreement

April 1, 2025 – March 31, 2026

The Elk Private Lands Use System (EPLUS) was created in recognition of the important benefits that private lands make to elk populations and hunting opportunities in New Mexico. Through EPLUS the Mexico Department of Game and Fish distributes a portion of the State's elk hunting opportunity to qualifying private landowners. EPLUS is authorized and regulated by:

- Chapter 17 – Game and Fish and Outdoor Recreation: 17-1-14, 17-1-26, and 17-3-14.1 NMSA 1978
- Title 19 – Natural Resources and Wildlife: 19.30.5 NMAC

APPLICATION INSTRUCTIONS AND IMPORTANT INFORMATION

1. Before you complete this application, please visit the Department's website at wildlife.dgf.nm.gov to confirm your ranch is within the Secondary Zone by using our interactive Elk Management Zone Map.
2. If your ranch splits multiple elk management zones you need to complete a separate application for the acreage in each zone.
3. Decide who will be the Authorized Ranch Contact (ARC) for the ranch. This person will be responsible for managing the EPLUS account. See the Assignment of Authorized Ranch Contact form for more information.
4. The ARC will need to fill out this application and submit all applicable ownership records listed on the Required Documentation page. Incomplete submittals will slow down the review process and can result in the application being rejected.
5. The ARC will need to obtain a personal Customer ID Number (CIN) by creating an account on the Department's website at <https://onlinesales.wildlife.state.nm.us/>. If you already have a CIN then you do not need to create another account.
6. There is no application deadline for properties in the Secondary Zone. Secondary Zone applications are generally processed in June or within 10 business days if they are received after June 30th.
7. This application and agreement will not become effective until the Department has issued a ranch code.
8. The ranch code is used to purchase over-the-counter Secondary Zone private-land elk licenses.
9. All hunters must have written permission from the landowner or ARC to legally hunt on the ranch. A ranch code does not serve as written permission.
