

NEW MEXICO DEPARTMENT OF GAME AND FISH
EPLUS LANDOWNER LIST - April 1, 2025 - March 31, 2026 HUNTING SEASON

The following ranches have been issued private land elk authorizations for deeded acres enrolled in EPLUS within the Primary Management Zone. Authorizations may be bartered, sold, or traded to hunters. An authorization allows a hunter to purchase a private land elk license.

This list is provided as a courtesy of the Department of Game and Fish. Any arrangements for the authorizations are considered a private matter. The Department is not a party to these communications, will not act as a go-between, and is not responsible for resolving disputes. Please be sure the terms and conditions for all arrangements and contractual obligations are clear to all parties involved.

Private land elk licenses may be purchased in person at NMDGF offices and license vendors, online at <https://onlinesales.wildlife.state.nm.us>, or by calling 1-888-248-6866. Online and telephone purchases must be made at least 14 days prior to the hunt to allow time for mailing. For additional information about licensing options and requirements, please visit the licenses and permits section on our website at www.wildlife.state.nm.us or review the current New Mexico Rules and Info booklet.

Maps for all unit-wide ranches open for the current hunting season will be available on the Elk Private Lands webpage in early August. A map of the new Elk Zone Boundaries is also available on the same webpage. The Department does not publish maps for ranch-only ranches.

The tables below are split into three parts. The first table, titled **Base and SCR Pool**, contains the authorizations issued to ranches as a part of the acreage based allocation process, including bonus authorizations issued to base ranches and through the SCR draw. The second table, titled **Incentives**, contains authorizations issued to ranches through a competitive application process in recognition of recent habitat enhancements done on the ranch. The third table, titled **Special Management Ranches**, contains authorizations issued to unique ranches that are conducting extensive, ongoing, habitat enhancements or for working with the department on special projects related to population management or research needs.

The EPLUS landowner list may be updated periodically throughout the Summer and early Fall as landowners sign their agreements and are issued authorizations.

Key:

Base - Base ranches receive at least one whole authorization through the acreage based allocation formula.

SCR - Small Contributing Ranches are too small to receive at least one whole authorization through the acreage based allocation formula. SCRs compete yearly in a random draw, weighted on the ranch's ranch score. SCRs may draw up to one authorization per year.

RO - A ranch-only authorization allows a hunter to purchase an elk license valid only on the deeded acres of the designated ranch, they are not valid on public land. In units 4 and 5A ranch-only licenses may also be valid on other private lands with written permission from the landowner.

UW - A unit-wide authorization allows a hunter to purchase an elk license valid on legally accessible public lands, other unit-wide ranches, and other private lands with written permission from the landowner.

MB -A Mature Bull designation may include these potential bag limit options for rifle or muzzleloader hunts depending on the ranch status, hunt code, and unit: MB (Mature Bull), ES (Either Sex), and MB/A (Mature Bull/Antlerless).

A - An Antlerless designation means any elk without antlers and may include rifle or muzzleloader hunts depending on the ranch status, hunt code, and unit.

Bow - Bow authorizations may include these potential bag limit options for bow-only hunts depending on the ranch status, hunt code, and unit: ES (Either Sex), MB (Mature Bull), APRE/6 (Antler-point-restricted elk), APRE/6/A (Antler-point-restricted elk or Antlerless).

AUTHORIZATIONS ISSUED TO THE BASE AND SCR POOL
