

ESTANCIA VALLEY HUNT AREA

Hunting.

*** 08 / 43**

Hours: Before sunrise to 2 hours after sunset.

This property contains 3,306 acres, in 3 separate parcels, located in GMU 8 on the northern outskirts of Moriarty, NM, off Highway 41. This property falls within the Estancia Valley and the acreage consists of a mixture of irrigated croplands and rangeland, which is actively farmed and ranched. Approximately 1,000 acres are cultivated to produce hay and forage silage. Waste grain and crop residue help attract birds and provide them with some food. This makes for good dove hunting and crane hunting in cultivated areas. Scattered stock tanks should provide some additional shooting opportunities for dove hunters when water is available.

Activities permitted on this property during the seasons and dates specified in the Open Gate lease agreement between the Department of Game and Fish and the landowner. Access to the property is subject to the terms and conditions in the Open Gate lease agreement and is restricted to the following permitted activities:
