Regulation 19.35.3 NMAC, Subparagraph 13.2.1 states, "The preserve operator will keep a record of all tags used on the preserve and of the total number of birds released." and Subparagraph 13.2.2 states, "Within 15 days after the close of the shooting preserve season, the preserve operator shall submit to the Department a year-end report stating the tag numbers used; the number of birds, by species, released; and copies of invoices for birds purchased or received from licensed propagators". Please attach copies of invoices.

The information regarding the specific species of game bird(s) that you have been releasing on your shooting preserve will be invaluable in addressing concerns over possible loss of genetic stability of native bird populations through hybridization, potential spread of disease, or the eventual extirpation of native birds due to competition with the introduced species. Please complete the following pertaining to your operation.

SPECIFIC SPECIES RELEASED (Ex: Bobwhite Quail, Gamble's Quail, Ring necked Pheasant, etc.)	**NUMBER RELEASED**	**NUMBER HARVESTED**

BIRD TAGS PURCHASED				**BIRD TAGS USED**			
Number		thru		Number		thru	

I HEREBY CERTIFY THAT THE FOREGOING STATEMENTS ARE TRUE AND CORRECT.
