(No other participants sent in an update)

Ages 18-64:

- Novice
 1. Sarah Salazar – 166 species identified
 2. Greg Jarrett – 140 species identified
 3. Rachel Baca – 91 species identified
 4. Erik McGinnis – 73 species identified
 5. Curtis Cox – 62 species identified
 6. Kim Reiten – 39 species identified
 7. Jonathan Borrego – 34 species identified*
 8. Wacey Cochise – 27 species identified
 9. Carmen Borrego – 25 species identified
 10. Jeffrey Best – 20 species identified*
 11. Lisa Waldon – 19 species identified*
 12. Said Assali – 16 species identified*
 13. Amanda Padilla – 16 species identified
 14. Matthew Ferguson – 11 species identified*
 15. Madison McGinnis – 7 species identified*
- Intermediate
 1. Tyler Pennington – 200 species identified
 2. Cal Aldridge – 196 species identified
 3. Quantina Martine – 176 species identified
 4. Ashley Arrossa – 170 species identified
 5. John Calderara – 168 species identified
 6. Kelsea Pellouchoud – 164 species identified
 7. John Williamson – 159 species identified
 8. Fiana Shapiro – 157 species identified
 9. Amy Erickson – 150 species identified
 10. Joshua Emms – 148 species identified

11. Dana Howard – 138 species identified
12. Callie Rendon – 138 species identified
13. Brandon Ihlein – 131 species identified
14. Jared Langenegger – 132 species identified*
15. Donald Wenner – 122 species identified
16. Olivia Cole – 114 species identified
17. Robert DeMarco – 112 species identified
18. Melissa DeMarco – 111 species identified
19. Madeline Pennington – 110 species identified
20. Kelly Krumrie – 108 species identified
21. Aaron Higgins-Brake – 93 species identified
22. Maggie Pierce – 91 species identified
23. Emma Stewart – 91 species identified
24. Feliz Madrugada – 83 species identified*
25. Gale Garcia – 69 species identified
26. Carolyn Kavanagh – 69 species identified
27. Brandon Kennard 66 species identified
28. Victoriana Reyes – 65 species identified
29. Amira Saad – 61 species identified
30. Savannah Hoover – 56 species identified
31. Andrea Thede – 54 species identified
32. Amber Arquitola – 53 species identified
33. Sergio Juarez – 53 species identified
34. Tiffany Pierce – 49 species identified
35. Blake Ovard – 48 species identified
36. Deneka Eleven – 41 species identified*
37. Jennifer Cavanaugh – 39 species identified
38. Nicole Sahd – 38 species identified*
39. Carol Fidel – 37 species identified*
40. Ari Burks – 36 species identified
41. Rebecca Geballe – 36 species identified*
42. Curt Coffman – 35 species identified
43. Gianetta Lark – 25 species identified*
44. Jake Gutierrez – 18 species identified
45. Christina Stohl – 14 species identified*
46. Zachary Gibson – 12 species identified*
47. Darian Rackham – 12 species identified
48. Michael Garcia – 1 species identified*

- Advanced
 1. Zane Kominek – 292 species identified
 2. Elisa Abeyta – 283 species identified
 3. Javier Gonzalez – 280 species identified
 4. Teresa Connell – 254 species identified
 5. Sally Paez – 248 species identified
 6. Danny Paez – 248 species identified
 7. Andrew Blair – 245 species identified
 8. Tony Godfrey – 237 species identified
 9. James Stuart – 233 species identified
 10. Jim Mosley – 215 species identified
 11. Amanda Walker – 213 species identified
 12. Marrienne Wilkerson – 210 species identified
 13. Shayla March – 200 species identified
 14. Amy Halderman – 191 species identified
 15. Caitlyn Brown – 186 species identified
 16. Marta Akerman – 169 species identified
 17. Janet Meier – 169 species identified
 18. Tucker Davidson – 165 species identified
 19. Devyn Scott – 155 species identified
 20. Steven Buhler – 150 species identified
 21. Jason Olona – 146 species identified
 22. Theodore Wenner – 105 species identified
 23. Katrina Adamczyk – 82 species identified*
 24. Dustin Parmeter – 75 species identified
 25. Maresa Pryor-Luzier – 45 species identified

Ages 65+

- Novice
 1. Katherine Salazar – 164 species identified
 2. Debra Hart – 30 species identified
 3. Sharon Sivinski – 5 species identified*

(No other participants sent in an update)
- Intermediate
 1. Ken Bales - 237 species identified
 2. Heidi Erstad – 168 species identified
 3. David Pennington – 168 species identified

4. Paul Galambos – 91 species identified
 5. Janet Anelli – 79 species identified
 6. Jennifer Fields – 59 species identified
 7. Patsy Hicks – 54 species identified
 8. Diane Inman – 51 species identified
 9. Kim Fay – 39 species identified
 10. Deborah Lawrence – 35 species identified
- Advanced
 1. May Goldenberg – 244 species identified
 2. Nancy Cox – 220 species identified
 3. Steven Cox – 213 species identified
 4. Scott Ray – 213 species identified*
 5. Randy Talley – 205 species identified
 6. Rodney Reinhardt – 203 species identified
 7. David Mehlman – 178 species identified
 8. Roger Hagerman – 163 species identified
 9. Elizabeth Toman – 120 species identified*
 10. Evelyn Selva – 108 species identified
 11. William Hornsby – 83 species identified
 12. Valery Bowman – 60 species identified
 13. Lorene Meyers – 60 species identified*
